Checkpoint 2 Talk(LO,Portflow,Evidences,HBO-I, DOT,APA styling) 27-02-2026

**Denkov, Miroslav M.L.** 16 days ago
I had a meeting with Gayatri and Oliver and we went into more detail about the DOT and HBO-ICT framework. We discussed how to write our research and how to structure our portfolio. We did not get any specific feedback as there is still work to be done. I will make my portfolio based on the HBO-ICT activities and work out things from there. I hope with continuous feedback loop I will build it to a satisfactory degree in the coming months.

Checkpoint 1 Intro Talk 12-02-2026

**Denkov, Miroslav M.L.** a month ago
Today me and Gayatri spoke about the Fontys part of my internship. We went over about my position right now and what is expected of me in 4 weeks time. I learned that my main focus should be mainly on the documents that need to be submitted for the Portfolio review. Any drafts can go inside Portflow directly and I will be keeping in touch with Gayatri anytime. We hope that we can have a one-on-one speaking every other week. Lastly I must contact my peer and start doing feedback sessions with them.
